

Packages PRINCESS PLUS AND PRINCESS PREMIER

Save on what you're going to do anyway!

Many cruisers know how to book the best cruise: how to choose a cabin, on which deck, when is the best time to book a cruise, etc. But not many cruisers think about their expenses on board. But in vain!

Those who have been on cruises more than once know firsthand that on board, it's simply impossible to do without any expenses. The only mandatory expense on board Princess Cruises ships is tips for staff, which are automatically added to your onboard account. And the rest of the expenses on board are "purchased" by cruisers at their own request! For example, you can drink a cup of coffee before the performance, or order a cocktail at the pool bar. As practice shows, on average, cruisers spend at least a third of the cost of their cruise on board!

Princess Cruises decided to take care of their passengers and offer new cruise fares Princess Plus and Princess Premier, the price of which includes the most important expenses on board + pleasant bonuses.

Book a cruise at new rates and go on a cruise without the headache of spending on board!
